<b>PSO3.</b>	Develop leadership by participating in various games
<b>PSO4</b>	Have a scope in Government services.
<b>PSO5</b>	Acquire the positive values, attitudes and a good foundation for their lifelong and life-wide learning through physical education
<b>PSO6</b>	Develop physical fitness.
<b>PSO7</b>	Prepare themselves for competitive games.
<b>PSO8</b>	Understand rules and regulations and the fundamental skills of the games.
<b>PSO9</b>	Learn how psychology helps them to face challenges in sports and in life.

### **Course outcomes**

**B.A.IstYear (Semester-I&II):-**

**Paper - Philosophical, Sociological Foundation & History of Physical Education (Phy.Edu.-101):**

**Students having this course at the time of graduation will be able t**

<b>CO1.</b>	.Have an introduction to the theoretical concept of philosophical and sociological foundation of Physical education.
<b>CO2</b>	Acquire knowledge regarding the fundamentals of sociological foundation
<b>CO3.</b>	Know the history of physical education.

**Paper -Principle & Recent development of Physical Education (Phy.Edu.-102):**

**Students having this course at the time of graduation will be able to.**

<b>CO1.</b>	Develop their physical competence
<b>CO2</b>	Acquire the knowledge of safe movement.
<b>CO3.</b>	Know the principle and recent development of physical education.
<b>CO4</b>	Acquire the positive values, attitudes and a good foundation for their lifelong and life-wide learning in physical education.

**Paper -Practical in Physical Education (Phy.Edu.-103):**

**Students having this course at the time of graduation will be able to .**

CO1.	Prepare themselves for competitive games.
CO2	Develop their game skills & abilities.
CO3.	Increase their stamina.

**B.A.IIndYear (Semester-III&IV):-**

**Paper -Health Education & Recreation in Physical Education and Sports (Phy.Edu.- 201):**

**Students having this course at the time of graduation will be able to .**

CO1.	Become aware about their own health
CO2	Acquire knowledge about the Health Education and recreation in Physical Education and sports
CO3.	Develop their personality
CO4	Develop their socialization through recreation in physical education.

**Paper - Officiating, Coaching & Training Methods in Physical Education and Sports (Phy.Edu.-202): Students having this course at the time of graduation will be able to .**

CO1.	.Acquire knowledge of officiating, coaching & training methods.
CO2	Know the various training methods of fitness.
CO3.	. Know the importance of officiating in physical education and sports.
CO4	Study fundamental and advanced skills of Indian games.

**Paper -Practical in Physical Education (Phy.Edu.-203):**

**Students having this course at the time of graduation will be able to .**

CO1.	Prepare themselves for competitive games.
CO2	Develop their game skills & abilities.
CO3.	. Understand track and field events
CO4	Understand rules and regulations and the fundamental skills of the games.

**B.A.IIIrdYear (Semester-V&VI):-**

**Paper -Ancient & Modern History of Physical Education and Sports (Phy.Edu.-301):**

**Students having this course at the time of graduation will be able to**

CO1.	Know the ancient and modern history of physical education and sports
CO2	Create the interest in Ancient & Modern History in Physical Education and Sports.

**Paper -Sports Psychology & Management in Physical Education and Sports (Phy.Edu.-302): Students having this course at the time of graduation will be able to .**

CO1.	Know the basic principles of psychology in physical education
CO2	Learn how psychology helps them to face challenges in sports
CO3.	Learn how to manage issues like stress, health problems, personal relationships, communication and self-esteem.

**Paper - Organization, Administration & Supervision in Physical Education and Sports Youth Welfare and Youth Services (Phy.Edu.-303):**

**Students having this course at the time of graduation will be able to**

CO1.	Acquire the knowledge of organization and administration in physical education.
CO2	Use this knowledge in sports competition.
CO3.	Understand the importance of supervision in Physical Education and sports.

**Paper - Anatomy, Physiology and kinesiology of Physical Education(Main) (Phy.Edu.-304): Students having this course at the time of graduation will be able to**

CO1.	Understand anatomy, physiology and kinesiology of physical education
CO2	Understand the effects of anatomy, physiology and kinesiology in physical education.
CO3.	. Understand how anatomy, physiology help to understand how the human body responds to physical activity.
CO4	Understand the working of all the systems of human body and their mutual relationship.

**Paper -Practical in Physical Education**

**Students having this course at the time of graduation will be able to**

CO1.	Prepare themselves for various competition of games
CO2	Develop game skill & abilities
CO3.	Cultivate interest in physical education and sports
CO4	Develop fitness and Co-ordination of body.
CO5.	Create improvement in their physical and mental abilities.

## **DEPARTMENT OF HOME SCIENCE**

### **Programme Specific Outcomes of B.A. Home Science**

**The students having BA, Home Science will be able to**

<b>PSO1.</b>	Acquire knowledge about Family Resource management.
<b>PSO2</b>	Understand the nutritional quality of food and nutrition.
<b>PSO3.</b>	Understand the role of dietician which can be helpful for modifying the normal diet for therapeutic purpose.
<b>PSO4</b>	Understand the importance of Prenatal Development and early Childhood Development.
<b>PSO5.</b>	Be familiar with the nature of developmental pattern in adulthood & old age
<b>PSO6.</b>	Understand the technical skills in clothing construction
<b>PSO7</b>	Be encouraged about undertaking entrepreneurship in Home science.
<b>PSO8.</b>	Gain knowledge regarding textile and clothing.
<b>PSO9</b>	Understand the process of communication in development work.
<b>PSO10.</b>	Be aware about the areas of adjustments in marriage and family.
<b>PSO11.</b>	Know the essentials of Interior decoration

### **Course Outcomes of Home Science**

#### **Paper I -Family Resource Management**

**Students having this course at the time of graduation will be able to.**

<b>CO1.</b>	Understand the family resources
<b>CO2</b>	Acquire knowledge about, the management process
<b>CO3.</b>	Develop the ability to improve the work within less time & fatigue.
<b>CO4</b>	Understand the ability how to make household budget to each income group.

#### **Paper II- Foods & Nutrition**

**Students having this course at the time of graduation will be able to acquire knowledge in the following fields.**

<b>CO1.</b>	Role of food and functions of nutrients.
<b>CO2</b>	Different sources and deficiencies of nutrients.
<b>CO3.</b>	The nutritional quality of food and nutrition

#### **Paper- III- Human Development**

**(Prenatal Development and early Childhood Development)**

**Students having this course at the time of graduation will be able to.**

<b>CO1.</b>	Study the meaning & scope of Human Development.
<b>CO2</b>	Understand the importance of Prenatal development
<b>CO3.</b>	Know the adjustmental problems of infancy.

#### **Paper IV - Textiles and clothing (Clothing Construction) :**

**Students having this course at the time of graduation will be able to .**

CO1.	Make proper choice of fabrics.
CO2	Gain knowledge regarding textile and clothing.
CO3.	Impart creative and technical skills in clothing construction.
CO4	. Develop skills in embroidery.
CO5.	Get encouragement for entrepreneurship.

#### **Basy**

#### **Paper -Extension Education**

**Students having this course at the time of graduation will be able to .**

CO1.	Understand the meaning, importance and need of Home science Extension Education.
CO2	Impart knowledge of extension Education
CO3.	Understand the process of communication in development work
CO4	Get acquainted with the terms in extension approaches and models

#### **VIII- Textiles and clothing**

#### **(Garment Designing and Painting)**

**Students having this course at the time of graduation will be able to**

CO1.	Impart knowledge about the basic principles of design and painting.
CO2	. Know about important aspects of clothing.
CO3.	Gain knowledge about wardrobe planning.
CO4	Impart knowledge regarding selection of clothe for different age group, texture and fabric.

#### **IX-Development (Late Childhood and Adolescent)**

**Students having this course at the time of graduation will be able to .**

CO1.	Appreciate the sequential stages of development during late childhood.
CO2	Understand the behavioral problems during Late childhood
CO3.	Be aware regarding the need and skills to be developed for selfimprovement
CO4	Know the development and behaviors during adolescence

#### **Paper XI- Food and Nutrition**

**Students having this course at the time of graduation will be able to**

CO1.	Gain acquaintance with human gastro intestinal tract.
CO2	Understand the concept of an adequate diet and importance of meal planning.
CO3.	Know the different methods of food preservation
CO4	Be aware of the effect of food poisoning and food adulteration.

CO5	Gain the knowledge about the nutrient needs for various age groups.
-----	---

### **Paper IX- Marriage and Family Dynamics.**

**Students having this course at the time of graduation will be able to**

CO1.	Understand the merits & demerits of marriage and family system
CO2	Be aware about the areas of adjustments in marriage and family
CO3.	Share knowledge about the laws related to women, marriage and family.
CO4	Develop awareness about counseling.

### **Paper X-Housing and Interior Decoration**

**Students having this course at the time of graduation will be able to .**

CO1.	Recognize the role of housing in integrated development.
CO2	.Know the essentials of Interior decoration.
CO3.	Study the landscape designing and its application

### **Paper XI - Nutritional Management in Health and Diseases.**

**Students having this course at the time of graduation will be able to**

CO1.	Know the principles of diet therapy.
CO2	Understand the role of dietician.
CO3.	Understand the modifications of normal diet for therapeutic purpose.

## **Department of History**

### **Program Specific outcomes of History**

**Students having this Specific Programme at the time of graduation will be able to.**

PSO1.	Understand the history of various cultures, religious and regions .
PSO2	Highlight the importance of past in exploration of present context.
PSO3.	Develop the ability to recognize the diversity of human experience, including ethnicity, race, language and gender.
PSO4	Acquire the knowledge of the Socio ,–economic, cultural and political background of many centuries.
PSO5.	Understand the history of Indian National movement
PSO6	Develop an aptitude for historical analysis of documents .
PSO7.	Develop the ability to think critically and historically
PSO8	Highlight the importance of past in exploration of present context.

### **Course outcomes**

**Paper title: Shivaji and His Times (1630-1818)**

**Students having this course at the time of graduation will be able to .**

CO1.	Introduce innovative study techniques in the study of History of Maratha
CO2	Understand the secularism of the Maratha ruler .
CO3.	Introduce International elements in the study of Marathas to facilitate comparative analysis of this history.
CO4	Highlight the importance of past in exploration of present context
CO5.	Understand the Socio –economic, cultural and political background of 17th century Maharashtra.

**Paper title: History of Modern Maharashtra (1818-1960)**

**Students having this course at the time of graduation will be able to .**

CO1.	Have an introduction to the study of Maharashtra.
CO2	Be acquainted with the basic understanding of how Maharashtra has grown to the present position .
CO3.	Develop comprehensive understanding of interdisciplinary issues of the society.

**Paper title: History of Early India (up to B.C. 300)**

**Students having this course at the time of graduation will be able to .**

CO1.	Know ancient Indian history .
CO2	Understand various cultures and religions prevailing in India since ancient times.
CO3.	Increase the spirit of healthy nationalism & secularism
CO4	Understand the past and the obstacles that impede India's progress as a nation.

**History of Mughal India (A.D. 1526- A.D. 1757)**

**Students having this course at the time of graduation will be able to .**

CO1.	Be acquainted with the history of Mughal India.
CO2	.Understand Mughal contribution of unique architecture in the form of monuments including the Taj Mahal.
CO3.	.Know how and why the Muslim Mughal Dynasty built splendid palaces, tombs, minars and forts
CO4	Know the policies and administration of the Mughal Empire

**Paper title:**

**Historiography**

**Students having this course at the time of graduation will be able to .**

CO1.	Study the development of history as a special discipline.
------	---

CO2	Study the writing of historical accounts.
CO3.	Indicate the importance of thinking "historygraphically" as well as historically.

### **Paper - History of Indian national Movement (A.D. 1885- A.D. 1947)**

**Students having this course at the time of graduation will be able to**

CO1.	Understand the history of Indian National movement
CO2	Have a comprehensive understanding of the transformations in the economy of colonial India.
CO3.	An introduction of land and agrarian policies under the British rule.
CO4	Be acquainted with the endeavors for reconstruct of India.
CO5.	Develop the attitude of nationalism
CO6	Understand British economic policies and Indian revolt.

## **Department of Urdu**

### **Program specific outcomes of Urdu language**

**The students having BA/B.com Urdu language will be able to..**

PSO1.	Do in-depth study of prose and poetry of Urdu literature
PSO2	Have new employment opportunities through Urdu journalism
PSO3.	Secure jobs in the field of media and internet through Urdu language.
PSO4	Get a chance to make a career as Urdu poets.
PSO5.	_ Become teacher of Urdu.
PSO6	Be Urdu translator.

### **Course outcomes - Urdu**

#### **B.A second language Urdu ( SL )**

**The students having BA second language Urdu will be able to.....**

CO1.	Have general introduction to Urdu prose and it's various types.
CO2	Develop the ability to speak and write in order to understand correct and good Urdu.
CO3.	study various disciplines of Urdu poetry
CO4	Have deep study of Urdu poetry, drama, prose and other varieties of literature .

#### **B.A optional Urdu course outcomes**

**Paper - Gazal aur Ilma e Bayan.**

**Paper - Dastan.**

**The student having B.A. F. Y optional Urdu language will be able to.....**

CO1.	Explain the importance and meaning of Urdu lyrics .
CO2	Develop hidden creativity
CO3.	Generate interest in Urdu fictional literature
CO4	Understand the usefulness of the story in the development of Urdu literature.
CO5.	Acquire the knowledge of Urdu poetry and it's structure.
CO6	Study Urdu lyrics in depth.
CO7	Explain the difference between lyrics and narrative.

### **Paper\_ Nazam aur Qita**

#### **Paper\_Novel**

**The student having optional Urdu language will be able to.....**

CO1.	Explain the importance of Urdu poetry.
CO2	Develop an interest in poetry and discuss in particular Urdu poetry topics.
CO3.	Explain the importance and usefulness of the novel in the development of Urdu literature.
CO4	Provide the information of Urdu Qita Nihari .
CO5.	Critically analyze and undertake research study of Urdu poems.
CO6	Provide information about Urdu poetry and poets.

### **B.A.S.Y**

#### **Paper -Qasida aur Marsiya.**

#### **Paper -Masnavi aur Rubai.**

**the student having B.A. S.Y optional Urdu will be able to**

CO1.	Improve in depth knowledge of Qasida and Marsiya Masnavi and Rubai.
CO2	Increase creativity.
CO3.	Develop critical and research ability
CO4	Study various Urdu poems critically.
CO5.	Have critical study of poets.

#### **Paper\_ Afsana**

#### **Paper\_Drama**

**The students having BA SY optional Urdu will be able to.....**

CO1.	Explain the importance of fiction and drama in the development of Urdu literature
CO2	Introduce secularism prevailing in Urdu literature.

CO3.	Understand fundamental aspects of Urdu fiction and drama
CO4	Have a critical study of Urdu Afsana and drama
CO5.	Review and analyse Urdu drama and Afsana critically.

## **B.A.T.Y**

### **Paper\_Maktoob**

### **Paper\_Inshaiya**

### **Papet\_Adabi Tanqueed**

**The students having BA TY optional Urdu will be able to.....**

CO1.	Highlight the importance of Inshaiya Nigari.
CO2	Develop critical and analytical ability
CO3.	Highlight the role of criticism in the evolution of literature
CO4	Have in depth knowledge of Maktoob Nigari and Inshaiya Nigari
CO5.	Become aware of literary importance and utility of Urdu criticism.
CO6.	Review Eastern and Western critics critically.

## **B.A.T.Y Paper -Khaka Aur Swaneh**

### **Paper -Safar Nama Aur Reportage**

### **Paper -Jadeed Zarai Iblagh aur Tarj**

### **Uma Nigari**

**Student having BA TY optional Urdu will be able to.....**

CO1.	Create awareness regarding Urdu literature
CO2	Develop the creative ability to write Kha Ka and Swaneh.
CO3.	ability to write travelogues & reports in Urdu language
CO4	Introducing Urdu as a representative language of common civilization.

## **B.A.T.Y (Project work)**

### **Paper- Mansooba \_ Amal**

**The students having BATY optional Urdu will be able to.....**

CO1.	Develop ability to present literary topics in the best way possible
CO2	Develop the ability to study selected topics and present them in writing.
CO3.	Realise & clarify the linguistic & literary significance & usefulness of Urdu

CO4	Develop critical, analytical and research aptitude.
-----	---

### **B.COM Second language urdu course outcomes**

**The students having B.COM second language urdu will be able to.....**

CO1.	Promote Urdu poetry trends.
CO2	Improving the ability to translate .
CO3.	Develop Urdu essay writing skills.
CO4	Provide correct pronunciation of urdu sounds.

## **Department of Political Science**

### **Course Outcomes : Political Science**

#### **B.A.I Paper I**

#### **Fundamentals of Political Science: -**

**The students having Fundamentals of Political Science will be able to...**

Co1	Have an awareness of politics.
Co2	Understand the concept of ideal citizenship
Co3	Create to an awareness about democracy.
Co4	Understand the concept of welfare state.

#### **B.A. I**

#### **Paper II Government and Politics of Maharashtra: -**

**The students having government and politics of maharashtra will be able to...**

Co1	Obtain the Information about the Government of Maharashtra.
Co2	Know the functions and role of the Chief Minister.
Co3	Have the information about the Governor's role
Co4	Have the knowledge of the justice system in Maharashtra
Co5	Acquire the knowledge of party system in Maharashtra.

#### **B.A II**

#### **Indian Government and Politics: -**

**The students having Indian Government and Politics will be able to...**

Co1	Understand the system of governance in India.
-----	---

Co2	Understand the role of the President.
Co3	Have the knowledge of Indian democracy.
Co4	Understand the nature and structure of the Indian justice system.

## **B.A II**

### **International Relations: -**

**The students having International Relations will be able to...**

Co1	Study international politics
Co2	Have the knowledge of India's foreign policy.
Co3	Know the history of the separatist movement

## **B.A III**

### **Indian Political Thought: -**

**The students having Indian Political Thought will be able to**

Co1	Know the ideas of Indian political thinkers.
Co2	Exchange views on Indian diplomatic thinkers.
Co3	Understand the importance of political thinkers' ideas in modern times.

## **B.A III**

### **Western political ideology: -**

**The students having western political ideology will be able to...**

Co1	Understand Western political ideology.
Co2	Review the social enlightenment brought by Western thinkers.
Co3	Know the idea of an ideal state introduced by Western thinkers.
Co4	Understand how the then ideas fit into the present.

## **B.A III**

### **Political Thought: -**

**The students having political thought will be able to...**

Co1	Understand the concept of political thinking.
Co2	Study liberal ideology.
Co3	Gain the knowledge of the system of political thought

Co4	Identify Marxist thinking.
Co5	Understand neo-Marxist thinking.

### **B.A III**

#### **Research Project:-**

**The students having research project will be able to...**

Co1	Develop an interest in research
Co2	Understand the methodology of research
Co3	Undertake research on important topics and find solutions

## **Department of Sociology**

### **Sociology course outcomes**

#### **Paper first**

##### **Introduction to Sociology**

**Students having this course at the time of graduation will be able to**

Co1	Get acquainted with the knowledge of sociology.
Co2	Understand the concept of the creation and the development of sociology
Co3	Develop sociological aptitude.

#### **Paper second**

##### **Individual and Society**

**Students having this course at the time of graduation will be able to**

Co1	Study the means of Sociology
Co2	Get stimulated for the study of sociological point of view
Co3	Become aware to preserve and foster Indian culture

#### **BA 2nd year**

##### **Paper V Problems of Rural India**

**Students having this course at the time of graduation will be able to**

Co1	Study rural development.
Co2	Become aware that India is agriculture oriented country.
Co3	Know various problems of rural area.

## **paper 6 - Urban Contemporary Issues**

**Students having this course at the time of graduation will be able to**

Co1	. Understand very well the process of urbanization
Co2	become aware with the consequences of the increase in population
Co3	Know urban problems.

## **Sociology BA ty paper**

### **9th Sociological Traditions**

**Students having this course at the time of graduation will be able to**

Co1	. Gain the knowledge of sociological thinking.
Co2	Get acquainted with sociological thinkers.
Co3	. Know various theories of Sociology.

## **Paper 10th**

### **Introduction to Research Methodology**

**Students having this course at the time of graduation will be able to .**

Co1	Develop an aptitude for research
Co2	. Have the awareness for innovation
Co3	Develop analytical skills.

## **Paper 11**

### **Urban Society in India**

**Students having this course at the time of graduation will be able to .**

Co1	Gain the knowledge of Indian urban society
Co2	Become aware with Indian social problems.
Co3	Have the knowledge of Indian modernization process.

## **Department of Economics**

**After studying Economics at U.G. level students will be able to .**

PSO1.	Have the basic knowledge of various Components of Economy
PSO2	Understand the relationship between employment and development

PSO3.	Understand the difference between rural & urban unemployment.
PSO4	Have the knowledge of the Composition of Industrial sector of India
PSO5.	Be acquainted with the Economic policies of Koutilya, his concept of welfare state and principle of taxation
PSO6.	Have the knowledge of Maharashtra co-operative movement 1904 and the evolution of Co- operative Movement of Maharashtra
PSO7.	Analyze Micro Economic policies including fiscal and monetary policies of India.
PSO8	Determine Economic variables including inflation, unemployment poverty, GDP, Balance of payments using statistical methods etc
PSO9.	Have the knowledge of Index number, value of money and its measurement, and various concepts.
PSO10	Understand the Economic development growth, sources of public finance, Direct and Indirect Tax, etc.
PSO11	Understand the behavior of Indian and World economy

**Paper title:**

**Micro Economics**

**Students having this course at the time of graduation will be able to**

CO1.	Understand the economic behaviour and foundation of Economics.
CO2	. Understand the behavior of an economic agents specifically consumer, producer, seller and factors of production
CO3.	Take proper decisions while establishing business.

**Paper: Indian Economy**

**Students having this course at the time of graduation will be able to**

CO1.	Be aware about the situation of economy to be the successful entrepreneur
CO2	Have an awareness about the facts of the strong and weak economy.
CO3.	Be successful in competitive exams because of the knowledge of economy.

**Paper- Price Theory**

**Students having this course at the time of graduation will be able to**

CO1.	. Have the knowledge of types of markets and price determination.
CO2	Determine the price of product which will be produced in the future.

**Paper- Money, Banking and Finance**

**Students having this course at the time of graduation will be able to .**

CO1.	Understand the monetary and banking system of the country.
CO2	Gain the knowledge which is beneficial to be successful as entrepreneurs.
CO3	Have the knowledge of the monetary institutions.

### **Paper-Macro Economics**

**Students having this course at the time of graduation will be able to**

CO1.	Understand what Macroeconomics is
CO2	. Have the knowledge of community Economic behaviour in certain economic situations.
CO3	Gain the knowledge of Government and Institutions' policies related with economics.

### **Paper- Economics of Development**

**Students having this course at the time of graduation will be able to**

CO1.	. Understand the Economics of development
CO2	Have the knowledge about development theories and success history of development

### **Paper- Public Finance**

**Students having this course at the time of graduation will be able to**

CO1.	Be acquainted with Public finance.
CO2	Have knowledge of the fiscal policy and public revenues .
CO3	Have the knowledge of public expenditure, tax system ,etc.
CO4	Get support to take decisions of business to get benefit from government policies

### **Paper: Statistical Method**

**Students having this course at the time of graduation will be able to .**

CO1.	Understand statistical methods.
CO2	Have the knowledge of data and use of statistical tools.
CO3	Get job in department of statistics, NSSO, CSO, Banks and National-International research institutes.

### **Paper: International Economics**

**Students having this course at the time of graduation will be able to**

CO1.	Have the knowledge of international Economics.
CO2	Study various trends of international Economics.
CO3	. Have the knowledge of global policies of international trade.

### **Paper: Agricultural Economics**

**Students having this course at the time of graduation will be able to**

CO1.	Acquire the knowledge of agricultural economics
CO2	Know the importance of agriculture sector in Indian Economy
CO3	Undertake farming as business and make business policies according to the situation.

### **Paper- History of Economic Thoughts**

**Students having this course at the time of graduation will be able to .**

CO1.	.Be acquainted with the history of economic thoughts
CO2	. Be an economist by studying the history of economic thoughts.
CO3	. Develop the skill to develop new economic theory.

### **Paper-: Research Methodology**

**Students having this course at the time of graduation will be able to**

CO1.	Develop research aptitude.
CO2	. Be acquainted with various methodologies of research
CO3	Be inspired for undertaking research.

### **Paper-: Industrial Economics**

**Students having this course at the time of graduation will be able to .**

CO1.	. Be acquainted with industrial economics.
CO2	. Understand the structure of the economy and progress of industrialization
CO3	. Be aware with the scope of industrial establishment and may try hands in establishing industrial business.

### **Paper-: Indian Economic Thinkers**

**Students having this course at the time of graduation will be able to .**

CO1.	Understand the tradition of Indian economic thinkers
CO2	. Research and work on Indian economic thinkers.
CO3	Have the knowledge of various trends of Indian economy.

## Department of Geography

### Programme Specific Outcomes for Geography

Students having this Specific Programme at the time of graduation will be able to

PSO1.	Read, interpret, and generate maps and other geographic representations
PSO2	. Analyze, extract, and present information from a spatial perspective.
PSO3	Have a general understanding of physical geographic processes, the global distribution of landforms and ecosystems.
PSO4.	. Know the role of the physical environment on human populations
PSO5	Have a general understanding of global human population patterns and the factors influencing the distribution and mobility of human populations.
PSO6	Have a general understanding of the various theoretical and methodological approaches in both physical and human geography
PSO7.	Develop research questions and critically analyze both qualitative and quantitative data to answer those questions.
PSO8	. Understand global and regional patterns of cultural, political and economic institutions, and their effects on the preservation, use and exploitation of natural resources and landscapes.
PSO9	Develop an understanding of the concepts of place ,region and space
PSO10.	. Understand general demographic principles and their patterns on regional and global scales.
PSO11	. Locate on a map major physical features, cultural regions, and individual states and urban centers
PSO12	Understand the key concepts in physical geography .
PSO13	Understand the influence of climate, geology, and human activities in shaping the earth surface.
PSO14	. Use the scientific methods to assess environmental problems.

### Course outcomes of Geograph

Paper title :Elements of Physical Geography

Students having this course at the time of graduation will be able to

CO1.	Understand natural Geography
CO2	Know various branches of natural Geography.
CO3	Learn the nature and extent of natural Geography
CO4.	Know the structure of the earth's interior through natural Geography.
CO5	Learn about the various forms of earthquakes and volcanoes.

### Human Geography

Students having this course at the time of graduation will be able to

CO1.	Know the nature and scope of human geography and various branches of human
------	--

	Geography
CO2	Understand the interrelationship between human and nature.
CO3	Know the life of human groups residing in different parts of the world.
CO4.	Understand the differences between human populations and their types.

### Geography of Landforms

**Students having this course at the time of graduation will be able to**

CO1.	Get an idea of the landforms, their types and the erosion cycle
CO2	Become aware of the various processes of fissures in nature
CO3	Learn about erosion, accumulation.
CO4.	Know about convection of river glaciers, winds, and ocean waves that work on land
CO5	Study the applied geophysics between human habitable, land use and mineral resources.

### Climatology

**Students having this course at the time of graduation will be able to.**

CO1.	Acquire the knowledge of climatology
CO2	Understand the importance nature and the scope of Climatology.
CO3	Gain the knowledge of solar energy and heat and it's unequal distribution and also the factors responsible for it
CO4.	Get the knowledge of the environmental pressure ,evaporation and the types of monsoon.

### Population Geography

**Students having this course at the time of graduation will be able to**

CO1.	Understand the nature, scope and the necessary information regarding population Geography.
CO2	Acquire the knowledge of population distribution, density of population, mortality, increase in population , etc.
CO3	Get information regarding the structure of regional and global population
CO4.	Gain the knowledge of migration of population, the reasons of migration and its effects.

### Oceanography

**Students having this course at the time of graduation will be able to .**

CO1.	Understand the knowledge of Oceanography and the structure of Oceanography.
CO2	Acquire the knowledge of the structure of the death of Oceanography
CO3	Get the knowledge regarding the various oceans of the world.
CO4.	Get the knowledge of minerality and temperature of the ocean and the factors affecting it.

### Settlement Geography

**Students having this course at the time of graduation will be able to .**

CO1.	Acquire the information related with urban and rural settlement geography.
CO2	Be acquainted with the location of settlement and the factors affecting it
CO3	Know various types of settlement and their functions.
CO4.	Understand various structures of settlements ,their sizes and other features.
CO5.	Know the human settlements and their types in India.

### Regional Geography of Maharashtra

**Students having this course at the time of graduation will be able to**

CO1.	Understand the natural location, extent, size and natural divisions of the state.
CO2	learn about climate, soil and natural resources in Maharashtra.
CO3	Know about the distribution of various crops in Maharashtra
CO4.	Learn about the industries based on various crops that are taken in Maharashtra

### Physical Geography of India

**Students having this course at the time of graduation will be able to**

CO1.	Understand the Physical Geography of India
CO2	Be aware with the natural diversity, size and unity of physical Geography of India
CO3	Get information about rivers in India, their importance and about weather and monsoon.
CO4.	Gain knowledge about soil type and its distribution in India
CO5.	Get the knowledge of plant types and its distribution in India.

### Geography of Environment

**Students having this course at the time of graduation will be able to .**

CO1.	Understand the nature,scope, importance and types of environment.
CO2	Get knowledge about Ecosystem and it's Structure.
CO3	Understand Nutrient Cycles, Food Chain and types of Ecosystems.
CO4.	Learn about environmental issues, global warming, etc.

## Industrial Geography of Maharashtra

Students having this course at the time of graduation will be able to

CO1.	Understand the Industrial Geography of Maharashtra.
CO2	Know the nature and scope industrial geography of Maharashtra.
CO3	Know the industrial progress of Maharashtra.
CO4.	Know how industries in Maharashtra affect the economic progress of Maharashtra.
CO5.	Learn about the impact of globalization on the industrial sector of Maharashtra.

## Geography of Resources

Students having this course at the time of graduation will be able to.
